

# MEDICAID IN NH

## What is Medicaid?

Medicaid is health insurance for older adults in nursing homes, low-wage adults and children, pregnant women, veterans, and people with disabilities. It covers essential services like doctor visits, prescriptions, mental health services, cancer treatments, and long-term care, helping our residents access the care they need to get healthy, stay healthy, and live in our communities. Along with the positive impacts on health outcomes, Medicaid supports New Hampshire's economy, benefits our state budget, and strengthens our workforce.

## Who Does Medicaid Cover in New Hampshire?

Over 187,000 New Hampshire residents are currently enrolled in Medicaid — that's 13% of our population. **Nearly half of enrollees are Granite State children.** New Hampshire Medicaid covers:

**1 in 4 NH kids**

**1 in 4 people with disabilities**

**over half of nursing home residents**

**1 in 10 veterans**

**22% of births**
